Click on the **Windows Start button** and choose **Control Panel**
Choose Network and Internet
Choose **Network and Sharing Center**
Choose **Set up a new connection or network**
Choose **Manually connect to a wireless network** and click **Next**
Enter the information as shown above and click **Next**
Choose **Change connection settings**

Open the connection properties so that I can change the settings.
Click on the Security tab
Click on the **Settings** button
Check **AddTrust External CA Root** and then click the **Configure** button.
Uncheck the checkbox and click OK
Click the **OK** button
Uncheck the **Remember my credentials** box then click the **Advanced settings** button.
Check **Specify authentication mode** and select **User authentication** in the dropdown menu, then click **Save credentials**.
Enter your username, in the form of EUID@yourdomain, and your password then click **OK**

Our current valid domains are:

- UNT.edu
- UNTSystem.edu
